Mar 2

Newer mailboxes are opened in the front with stolen USPS keys or compressed air. Most of these go unnoticed because they close the doors afterward.

Older mailboxes have the back doors forced open

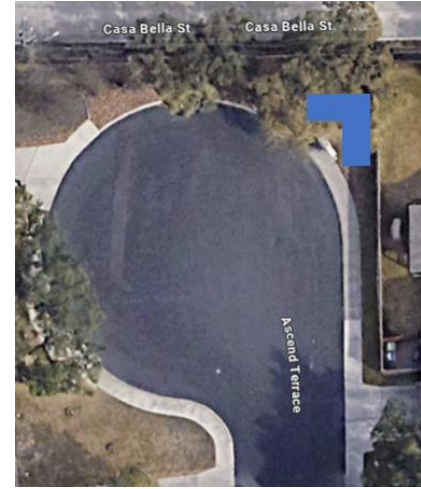

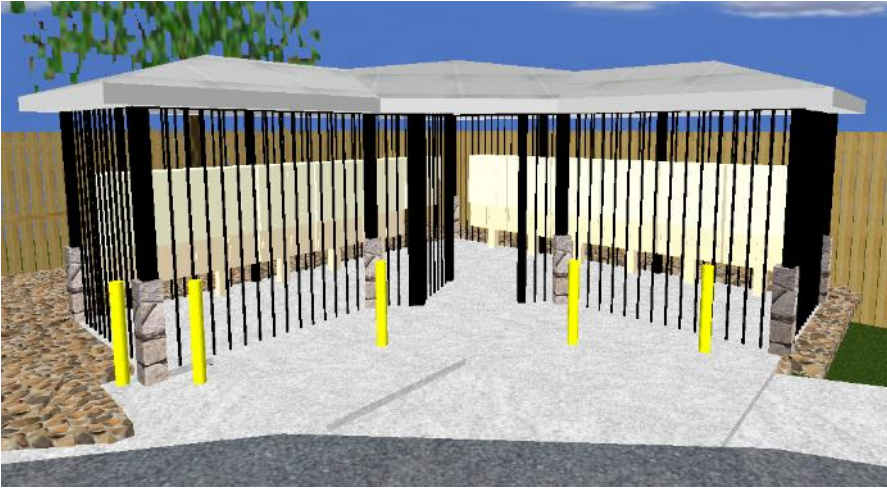

KEY FACTS

- Both newer boxes and older boxes are targets.
- In their current locations, there is no viable way to secure them.
- Cameras alone are not a deterrent; thieves cover their faces and mask license plates.

The Mailbox Pavilion Solution

West Side Pavilion - Ascend Terrace.

- ✓ **Approved** by USPS and CoSA with ADA access and space requirements.
- ✓ **Affordable** - Cost to each owner is \$50 a year or < \$5 a month. 8-year payoff. This covers both pavilions, east and west.
- ✓ **Proven** solution according to SAPD and as demonstrated in other communities.
- ✓ **Fully equipped** with cameras and keypads with unique codes to each resident.

Mail is a crime of opportunity. Thieves will look elsewhere with this solution in place.

San Antonio Police

We have not seen any further mail crime since the pavilion was installed.
